MODERN PACKAGING

INDEX TO VOLUME 33

SEPTEMBER 1959 TO AUGUST 1960

GENERAL ALPHABETICAL INDEX

A

	Month	Page
Abbott Laboratories		
Polystyrene-foam mailers without covering	November	145
Redesign schedule; 10-year program	November	172
ABRASION RESISTANCE		
Coating for glass containers; Ball Bros. Co., Inc.	July	186
Medium density polyethylene	November	260
Abrasive cutting machine; American Chain & Cable Co., Allison-Campbell Div.	August	91
Acetal resin for blow molding; E. I. du Pont de Nemours	March	246
ACETATE		
Film approved by Food & Drug Administration	November	138
Sleeve and paperboard tray; National Plasticrafters	October	197
Acids (See Drugs and Chemicals)		
ADDING MACHINES		
Protection at a profit; corrugated shipping carton; Smith-Corona Marchant	November	170
ADHESIVES		
Adhesion of waxed glassine, Peter S. Columbus	January	119
Adhesive applicator does many jobs; United Shoe Machinery Corp.	January	138
Adhesive for polyurethane foams; Schwartz Chemical Co., Inc.	May	158
Dielectric sealing sets water adhesives fast; Canadian Packaging	February	69
For cold-glued wrapperless carton; Chet's Famous Foods	October	126
For foamed polystyrene	August	124
High-speed adhesive extrusion; Potdevin Machine Co.	March	68
Hot-melt-adhesive applicator; United Shoe Machinery Corp.	November	68
Hot melt-adhesive extruder; Potdevin Machine Co.	February	48
Label adhesion to varnished carton	May	132
Low-cost epoxy adhesive; Rubber & Asbestos Corp.	January	140
Plann - g package changes, consumer research, Kenneth Gelpey (Traffic Control, Inc.)	August	65
Polythylene-bottle label adhesives; F. G. Findley Co.	August	152
Polystyrene-to-polystyrene adhesive; Bee Chemical Co.	October	194
Remoistenable adhesive for acetate and other plastics; Adhesive Products Corp.	November	213
Resin for pressure-sensitive adhesives; National Starch & Chemical Corp.	March	253
Twin-compartment cup for components of industrial adhesive; Permacel	June	100
ADVERTISING AND PUBLICITY		
Point-of-purchase advertising; Bayuk Cigars, Inc.	March	196
Premium offers:		
Cash premiums in coffee packages	November	46
Medium-speed mechanization; cartoning of soap-premium tableware; Oneida, Ltd.	July	103
Procter & Gamble	June	40
Aeroprojects, Inc.		
Aluminum welding	October	234
Aerosol dip tubes; Anchor Plastic Co.	March	126
Aerosol-packaging accessories; Aerosol Machinery Co.	July	62
Aerosol seminar of Packaging Institute	August	196
Aerosol stack cap for nozzle-style cans; Gilbert Plastics	October	68
AEROSOLS		
Adaptations; insecticide "bug bomb"; self-dispenser of whipped cream	December	96
Aerosol-filling line; The Arthur Colton Co.	November	206
Aerosol pressure-filling system; Swiss firm	September	92
Agent detects leaking aerosols; Colgate-Palmolive Co.	October	68
Applying metal aerosol valves to glass containers; PMC Industries	December	56
Automated aerosol; dispensing insecticide; Syncro-Mist Controls, Inc.	October	217
Bantam aerosol	February	85
Chemical Specialties Mfrs. Assn. awards	February	178
Decorative, uncoated aerosol bottle for use in cosmetics industry; Par Industries, Inc. and Old Empire, Inc.	June	170
Detection of aerosol leaks; General Vacuum Corp.	January	46
Eleven aerosols win 1959 CSMA awards	February	178
Gas charging and clinching of aerosol containers; Swiss machine	November	167
Industrial aluminum aerosols; Aluminum Co. of America	June	56
Mechanics of Aerosols, N. A. Fuks, U.S. Army Translation from Russian	June	186
Mechanized aerosol packaging; unit for actuators	June	144
New rotary principle for; Shulton, Inc.	September	105
New tricks with aerosols	June	118
Non-food aerosols hit record high; survey of Chemical Specialties Mfrs. Assn.	August	168
Overcaps; Sunbeam Plastics Corp.	August	148
Pinked aerosol dip tubes; Anchor Plastics Co.	March	244
Review of French aerosol progress	February	70
Seal for spray can; tamperproof container for aerosol paints; Plasti-Kote, Inc.	March	174
Semi-automatic aerosol-packaging line; Kartridg-Pak Co.	November	68
Tamperproof aerosol cap; Aerated Container Corp.	January	46
Toggle-action aerosol valve for use on aerosol spray cans; A. Schrader's Son	February	48
Two rotary aerosol fillers; Mojonnier Associates Div., Kartridg-Pak Machine Co.	March	244
Air carriers, cargo units for	April	121
AIRCRAFT		
Help from handicapped; packaging airplane parts; Industrial Packaging Div., Federation of Handicapped	June	124
Alcoa Research Laboratories		
Lithography on foil, M. A. Miller and E. I. Eiland	July	162
ALCOHOLIC BEVERAGES		
Aluminum cans for beer	January	95
Aluminum cans for beer	July	126
Aluminum cans make bold new bid; Gunther Brewing Co.	October	116
Art for liquor's sake; reproductions of world's famous paintings as gift wraps; Schenley	November	163
Automatic canned-beer bar in a pub; Reading, England	July	81
Beer bottle sizes	March	141
Beer label development; consumer research, L. E. Rinck (International Breweries, Inc.)	August	65
Board-saving six-pack with full-depth protection; Carling Brewing Corp.	June	117
Booklet: Consumer Preference in Beer Packaging; Continental Can Co.	September	186
Bottle shipper without cell headspace; Thatcher Glass Mfg. Co.	August	150
Canned beer in taverns	March	41
Cartons keep cold beer cold; Haffenreffer & Co.	September	110
Fancy decanter binge	December	42
Flexibility in can loading; Falstaff Brewing Corp.	December	128
Foil packaging materials for beer; Reynolds Metals Co.	March	249

	Month	Page
Gift appeal at low cost; holiday canter for bourbon; Stitzel-Weller Distillery	December	126
Gift packages; Sherry Wine & Spirits Co.; James B. Beam Distilling Co.	February	82
Labeling problems; I. H. Sipherd (National Distillers & Chemical Corp.)	January	108
Liquor and liqueur containers; California packages	July	127
Now: polyethylene netting; Rokeach Wine Co.	July	98
One-trip bottle; great packaging discovery	October	140
One-way beer bottle in six-pack carton; Lucky Lager Brewing Co.	July	128
Organizing for efficiency; Publicker Distillers Products, Inc.	June	87
Packaging programs; help from package-supplier salesman; Schenley Industries, Inc.	October	78
Packaging size of beer and ale; Wm. Schoenling (Schoenling Brewing Co.)	July	71
Peelable kraft tear tape on shipper cuts cost 35%; Anheuser-Busch, Inc.	January	111
Pre-pricing problems; Peter Hand Brewery Co.	January	57
Re-use beer bottles; East German brewery	November	46
Scotch without a label; Haig & Haig	May	90
2000 cans a minute; system of unloading and feeding of empty cans from pallet loads; Miller Brewing Co.	September	118
Tear tape for liquor bottle; Star Distilling Co.	May	97
Alcon Laboratories, Inc.		
High speed for plastic bottles; packaging liquid ethical drugs	December	112
Packaging equipment	February	171
Allied Chemical Corp.'s General Chemical Div.		
Foamed-polystyrene 'coat' cuts damage and costs	April	115
ALUMINUM		
Aerosol containers	February	86
Aluminum can tests; surface designs; Minute Maid Corp.	July	214
Aluminum cans extruded at 120 per minute; E. W. Bliss Co.	February	50
Aluminum cans make bold new bid; Gunther Brewing Co.	October	116
Aluminum ingots shipped in film; Kaiser Aluminum & Chemical Corp.	May	214
Aluminum oil cans; Continental Can Co.	December	192
Aluminum production in Ghana	May	75
Aluminum welding; Aeroprojects, Inc. and Aluminum Co. of America	October	234
Can costs; competition of aluminum and steel	February	41
Can (The) looks to the future	January	92
Can production	March	44
Cans for beer (California); frozen strawberries (Oregon)	July	126
Container Development Plant; Reynolds Metals Co.	April	191
Foothold in European Common Market	May	37
Impact-extruded aluminum aerosol cans; Impact Container Corp.	July	186
Industrial aluminum aerosols; Aluminum Co. of America	June	56
Low-cost, lighter-weight aluminum cap for ketchup bottles; Aluminum Co. of America	February	156
Machine applies aluminum closures; Aluminum Co. of America	January	46
New concepts of aluminum in packaging; Dr. M. A. Miller (Alcoa Research Laboratories)	January	106
1960 prices	February	173
Packaging products for beer; Reynolds Metals Co.	March	249
Research; Container Development Plant of Reynolds Metals Co.	April	191
'Super-pure' aluminum; Aluminum Foils, Inc.	November	217
Tear strip on one-piece aluminum can developed in Holland	November	105
Aluminum Co. of America		
Aluminum welding	October	234
Magazine: Design Forecast	March	260
Schools of industrial design endowed by Alcoa	November	224
Aluminum Development Assn. (of England)		
Book: A Symposium on Aluminum in Packaging	September	186
Aluminum foil (See Foil)		
Amb-A-Tip Cigar Co.		
Gilding the wrapper; sales appeal	October	122
American Can Co.		
Booklet: The Sales Potential of Packaged Apparel in Food Stores	August	175
Canco's 'Operation tall can'	May	186
Manual: Technical Aspects of Cans and Canning of Carbonated Beverages	March	262
American Chain & Cable Co., Allison-Campbell Div.		
Rigid triple-wall shipper for abrasive cutting machine	August	91
American Cyanamid Co.		
Multi-shot disposable syringe for animal dosing	June	105
American Lamp & Shade Co.		
Cushion sheets protect glass product at less cost	May	115
American Machine & Foundry Co.		
New appeal for power tool at 22% saving	April	115
American Management Assn.		
Book: Packaging for Sales & Shipment	December	179
Machinery seminar	June	217
Packaging Show (See National Packaging Show and Conference)		
Packaging management course	June	184
American-Marietta Co.		
Capturing qualities of O'Cedar mops	November	139
American Optical Co.		
New sparkle for 67% less	August	116
American Paper & Pulp Assn.		
Booklet: Capital & Income Survey of United States Pulp & Paper Industry	March	260
American Rack Merchandisers Institute		
Session with group of European packagers	September	44
American Safety Razor Products Corp.		
Versatility in blister machine	September	130
American Society for Testing Materials		
Book of ASTM Standards; supplement	June	186
Book: Symposium on Paper and Paper Products	October	203
American Standards Assn.		
Book: American Standard Pallet Sizes	February	160
American Tobacco Co.		
Advertising costs for cigarettes	May	37
American Viscose Corp.		
Pre-pricing in food markets	January	58
Anaconda Aluminum Co.		
Booklets re printing on aluminum foil	March	260
Anahist Research Laboratories		
Keeping pharmaceutical tablets dry	May	220
Anheuser-Busch, Inc.		
Peelable kraft tear tape cuts costs 35%	January	111
ANIMAL FOODS		
Space saver on retail shelves for dog meal package	August	97
Antrim, C. W. & Sons		
Cost-saving coffee bagger	September	122
Apparel (See Clothing; Hosiery)		
APPLICATORS		
Adhesive applicator does many jobs; United Shoe Machinery Corp.	January	138
Automatic closure-fitment applicator; Resina Automatic Machinery Co.	June	170
Ball-tip applicator package; Bristol-Myers	September	44
Engraved applicator rolls; M&S Roll Engraving Co.	January	46
Flow-control glide dispenser for liniment; W. F. Young, Inc.	May	96
Hot-melt applicator and tape folder; United Shoe Machinery Corp.	March	249
Multiple-tape applicator; Kleen-Stik Products, Inc.	March	250
Roll-on applicator, great packaging discovery; Bristol-Myers	May	98
Roll-on applicators	December	98
Tube-fed grease gun	July	95
Wool ball or urethane foam applicators for shoe polish; S. C. Johnson & Sons	May	105
Armour & Co.		
Armour shows how meat can be beautiful	January	88
Bacon in strippable, seven-layer 'booklet'	November	145
Armour Agricultural Chemical Co.		
Full-time product protection for fertilizer	July	101
Armstrong Cork Co.		
Sound-slide color film: The Packaging Revolution	December	182
Ashford, Ruth Bakeries		
Linerless bake-in pan	July	134
Aspirin Plus Corp.		
Handy cup-and-tablet pack	February	91
Associated Business Publications		
Editorial award to Modern Packaging for article on Food Additives Amendment to Food, Drug & Cosmetic Act	June	184
Automatic Electric Co.		
50% less for shipment of telephone components	May	114
Automating The Manufacturing Process (Book), Geo. F. Hawley	March	264
AUTOMATION		
Automatic machines for bottle production; French statistics	December	80
AUTOMOBILE SUPPLIES AND PARTS		
Automotive parts; bundling in PVC; Electric Autolite Co.	September	129
Cohesive sealing goes automatic; Chrysler Corp.	September	140
Market for packaging in automotive service parts	July	41
Toward stronger identity; new package design; E. I. du Pont de Nemours & Co.	September	111
AviSun Corp.		
Bulletin: Some Pertinent Facts on Polypropylene Film	December	182
Lab tests of Olefane polypropylene film	April	174
Polypropylene film	November	187
Port Reading plant	November	243
Price cut for polypropylene	August	37

B

	Month	Page
BABY ACCESSORIES		
Baby pants and baby foods in supermarkets; Gerber Products Co.	June	37
Bachman Bakeries Corp.		
Convenience wins new markets; counter-display carton for pretzels	June	101

	Month	Page
Background for Packaging (See Table of Contents, page 2 of Modern Packaging, each month)		
Bag flattener facilitates storage; New London Engineering Co.	September	185
BAG-MAKING		
Bag-making machine of Fischer & Krecke; Kenneth J. Moore & Co., agent	September	180
Extrusion, printing, bag-making; Hartig Extruders and Conopac Corp.	June	170
Fast bag-former, filler, sealer; Package Machinery Co.	March	68
Polyethylene-bag-making machine; FMC Packaging Machinery Div., Simplex Plant	March	68
Polyethylene bag-making machine; G. T. Schjeldahl Co.	April	52
Plastic-and-paper bag maker; H. G. Weber & Co.	November	210
Polyethylene bag making machine; Heinrich Equipment Corp.	November	206
Side-weld polyethylene bag machine; G. T. Schjeldahl Co.	November	210
Tandem color printing with bag making; Potdevin Machine Co.	July	190
Twin-web side-weld bag maker; FMC Packaging Machinery Div., Simplex Plant	November	68
BAG PACKAGING		
Automatic bagging machine; Hannconn Machine Co.	July	190
Automatic bag-hanging machine; Union Bag-Camp Paper Corp.	February	50
Bagger operable by the blind; Tele-Sonic Packaging Corp.	April	152
Coffee bag and packaging machine; Fr. Hesser Maschinenfabric A.G.	November	68
Cost-saving coffee bagger; C. W. Antrim & Sons.	September	122
Faster semi-automatic bagging; Tele-Sonic Packaging Corp.	March	66
Product packaging in pillow-type bags; Wright Machinery Co., Div. Sperry Rand Corp.	November	68
Self-contained bagging machine; Tele-Sonic Packaging Corp.	August	54
Semi-automatic machine (made in France); produce bagged in cotton-net bags	January	64
BAGS		
(See also Paper Bags; Plastic Bags; Polyethylene Bags; Sealing equipment)		
Bagged flour for export	March	236
Board back gives rigidity to film bags; England	October	94
Census of Manufacturers report on paper-bag industry; U.S. Dept. of Commerce	April	158
Closure device for bulk bags; Tipper Tie Products of New Jersey	May	156
Construction; greaseproofness, etc.	March	41
Dual-head multiwall-bag sewing stand for closing open-mouth multiwall bags; Union Bag Camp Paper Corp.	October	68
Film bags for pre-packaging meat and seafood products; Dobeckmun Co.	March	250
Film strengths in heat processing; estimating burst strength of heated food bags (polyethylene, polypropylene, polyester). E. G. Davis, M. Karel and B. E. Proctor	December	135
Killing bacteria in plastics bags; West Germany	January	64
Low-cost, easy-open shipping bag; Katz Industries, Inc.	February	50
Multiwall bags for tacky materials; Olin Mathieson Chemical Corp.	June	174
Open-mouth, multiwall-bag feeder; Bemis Bro. Bag Co.	November	214
Padded shipping bag; Jiffy Mfg. Co.	March	244
"Plastic-bag scare."	September	41
Polypropylene	October	93
Preventing interfacial sticking in cellulose film bags; English method	July	81
Protective multiwall bag; Union Bag-Camp Paper Corp.	May	52
Should bag user make film?	September	157
Siftproof automatic bag for powders; Continental Can Co.	October	68
Sterilizing plastic bags with ethylene oxide; Die Neue Verpackung (Germany)	February	70
Tough new film resin for bulk bags; Phillips Chemical Co.	April	52
Unit applies tape closure to sewn bags; Bemis Bro. Bag Co.	May	154
Variety of film bags; Swartz Mfg. Co.	July	60
Baked goods (See Food Packaging--Bakery Products)		
Baker, J. T. Chemical Co.		
Plastic bottle cuts costs 60%	March	191
Balfour, L. G. Co.		
Plastic packaging slashes costs by 30%	April	115
BALING EQUIPMENT		
Baler reduces bag damage; Tol-O-Matic, Inc.	November	213
BANDING MACHINES		
Automatic package banding; Schooler Mfg. Co.	July	62
Capsule-banding machine; The Arthur Colton Co.	December	58
Baxter, Don, Inc.		
Roll and cut labeling in one	July	147
Bayuk Cigars, Inc.		
Bayuk carries the ball; plastic baseball symbols and action sports shots on inside-cover labels of cigar boxes	March	196
Beer (See Alcoholic Beverages)		
Bell & Howell		
Cameras nested in polystyrene foam	March	184
Bell Research, Inc.		
Pyrometric cones; cost reduction with bonuses	July	116
Beltx Corp.		
Continuous skin-type packaging	February	116
BEVERAGES		
Brochure: Carbonated Beverage Canning; Continental Can Co.	July	200
Can and/or glass containers	March	44
Coke in cans; The Coca-Cola Co.	October	226
Corrugated case-and-cooler for canned beverages; Stone Container Corp.	March	246
Dr. Pepper debuts in low-cost, non-returnable bottles; National Drinks Bottling Co.	August	97
Frozen citrus in aluminum cans	January	165
Manual: Technical Aspects of Cans and Canning of carbonated Beverages; American Can Co.	March	262
Milk filler for orange juice; Halco Products	February	113
Multipack; great packaging discovery	February	102
Non-carbonated soft drinks (Bireley's); packaging procedure	January	82
Packaging in cans; L. R. Forker (Quaker State Oil Refining Corp.)	May	64
Soft drinks west of the Rockies	July	128
Biltrite Furniture Mfg. Co.		
Tough, but gentle fibre strapping tape cuts costs 40%	September	123
Binney & Smith		
Package upgrading moves Crayola into gift market	October	120
Bird food packaging in England	December	80
BLISTER PACKAGES AND PACKAGING		
Acetate blister package for egg shampoos; Helene Curtis Industries, Inc.	July	233
Automatic blister-packaging machine; Tronomatic Machine Mfg. Corp.	June	170
Bargain in plastics; 'deal' cigarette package; P. Lorillard	December	103
Bench-model blister packager; Erdco Engineering Corp.	September	178
Book: Trouble Shooting Label Blisters; Packaging Institute	September	186
Caviar is 'pilferproofed' for supermarket selling; Romanoff Caviar Co.	August	96
Clocks get supermarket appeal; hang-or-stand blister pack; Westclox Div. of General Time Corp.	May	96
Double bubbles for powders and/or liquids; French machine	February	69
Electronic blister packager; Guild Electronics	August	148
Fish hooks in supermarket; rack-merchandised blister packaging; Four Seasons	October	122
Manual blister-packaging machine; Erdco Engineering Corp.	July	60
New way to seal blisters	March	188
75% lower cost in blister packaging of electrical relays; International Business Machines	June	117
Shirts in thermoforms; display package (England)	December	80
Stick-on blister; Coastal Abrasive & Tool Co.	April	88
10-bulb blister pack; Lamp Div. of Westinghouse Electric Corp.	November	143
3-D hang-up card for touch-up paint; Tipon Corp.	October	120
Versatility in blister machine; American Safety Razor Products Corp.	September	130
BLOW-MOLDING		
Acetal resin for; E. I. du Pont de Nemours	March	246
Blow-molding capacity for detergent bottles	October	111
Developments	February	44
Examples of	January	78
Large-item blow-molding unit; Auto-Blow Corp.	June	174
Machine, manifold type; F. J. Stokes Corp.	October	66
Machine; Moslo Machine Co.	August	52
Machinery; Acme Machinery & Mfg. Co.	July	188
Packaging applications	December	42
Plastic bottles; colored stripes (Sweden)	August	69
Plastic detergent bottles	October	111
Twin-head blow-molding machine; Boston Plastic Machinery, Inc.	September	56
BOOK REVIEWS AND COMMENTS		
American Standard Pallet Sizes; American Standards Assn.	February	160
Automating The Manufacturing Process. Geo. F. Hawley	March	264
Book of ASTM Standards; supplement. American Society for Testing Materials	June	186
Chemical Industry Facts Book; Manufacturing Chemists' Assn.	February	160
The Chemistry and Technology of Cereals as Food and Feed. Saml. A. Matz (ed.)	October	203

	Month	Page
Directory of Plastic Packaging Suppliers; Koppers Co.	May	162
Directory of Product Packaging Research Reports; Produce Packaging Assn.	October	204
Food-America's Biggest Business. Pauline Arnold and Percival White	December	176
Glass Containers, 1959; Glass Container Mfrs. Institute	July	196
Glossary of Packaging Terms; Packaging Institute.	September	186
Graphic Arts Progress 1959; Fraser Paper, Ltd.	October	200
Graphis Packaging. Walter Herdeg, ed.	January	142
Industrial Packaging. W. F. Friedman and J. J. Kipness	April	158
Meat & Produce Packaging in the Modern Super Market; Ezra Lapides	November	224
Mechanics of Aerosols. N. Fuks. U.S. Army Translation from Russian	June	186
New Plastic Materials Through Government Research; U.S. Dept. of Commerce	July	196
1959 Canners Directory	September	186
Packaging for Sales & Shipment; Packaging Div. of American Management Assn.	December	179
Potato Processing. W. F. Talburt and Ora Smith.	October	203
Symposium on Aluminum in Packaging; Aluminum Development Assn.	September	186
Symposium on Paper and Paper Products; American Society for Testing Materials	October	203
Trouble Shooting Label Blisters; Packaging Institute	September	186
U.S. Industrial Outlook for 1960; U.S. Dept. of Commerce	April	158
Books; tear-strip bag for; Harper & Bros.	June	98
Borden Chemical Co.		
List of approved non-toxic adhesives for food-packaging applications available	February	160
Oregon plant	July	129
Borden Co., The		
Economy in plastic cup for cottage-cheese products	August	94
Ready-to-bake coffee ring in fibre can	March	162
Bottle- and can-handling equipment; Atkron, Inc.	December	170
Bottle-deposit refunding machine; Sweden	September	91
Bottle uncaser; Climax Products Div., Lodge & Shipley Co.	June	56
Bottle uncaser for 5- and 6-wide cases; Atkron, Inc.	October	190
BOTTLES		
Automatic bottle packer; Emhart Mfg. Co.	October	66
Big push on plastics; demand for detergent bottles.	October	109
Blow-molding with colored stripes (Sweden)	August	69
Bottle from plastic sheet (14-mil PVC); for liquid-detergent; Soc. Solitaire & Saponite Reunis S.A.	April	84
Bottle shipper without cell headspace; Thatcher Glass Mfg. Co.	August	150
Bottom-loading case packer for bottled goods; W. F. & John Barnes Co.	September	178
Catsup container	July	41
Empty milk bottles (new) in paper sacks; Sweden	February	69
Filling thin-wall plastic bottles; MRM Co., Inc.	March	254
Free market tests on bottles (England)	August	70
Liquid filler handles glass or plastic bottles; MRM Co., Inc.	May	52
Milk bottles (See Dairy Products)		
Now: polyethylene netting as decorative wrap	July	98
One-trip bottle; great packaging discovery	October	140
One-trip milk bottle	April	39
One-way soft-drink bottles; Owens-Illinois Glass Co.	October	192
Plastic bottle development; R. E. Wheeler (Economics Laboratory, Inc.)	May	63
Plastic bottle unscramblers	November	190
Plastic bottles from sheet material produced by Zurich (Switzerland) firm	November	105
Plastic bottles made by injection molding; England	December	79
Plastic containers; dry offset printing; German machine	July	82
Plastic, reducing permeability of; fluorination of polyethylene. Jules Pinsky, A. Adakonis and A. R. Nielsen (Plax Corp.)	February	130
Polystyrene bottles for vinegar and detergents; Packaging News (England)	January	64
Production by automatic machines; France	December	80
Re-use bonus; vinegar bottle with circular flange inside neck used for emptying frozen-juice concentrate; C. H. Musselman Co.	June	91
Roll and cut labeling in one; Don Baxter, Inc.	July	147
Semi-automatic cottoning machine for tablet packagers; The Burnet Co.	April	52
Squeeze-type (See Polyethylene Bottles)		
Stray-bottle sorting table; Climax Products Div., The Lodge & Shipley Co.	February	154
Tilt-fill to cut foaming; Bristol-Myers Co.'s deodorants	February	108
Box design vs. performance. T. B. Beebink	October	163
BOXBOARD		
Rotogravure printing; J. G. McIlvain, Jr. (Downingtown Paper Co.)	January	107
BOXES		
(See also Fibre containers; Flip-top Boxes; Folding Boxes and Display Cartons; Metal Containers; Plastics; Set-up Boxes; Shipping Containers; Slide-top Boxes)		
Candy boxes; luxury packaging; Buitoni-Perugina	February	79
Rigid boxes made with self-seal blanks; Packaging News (England)	March	124
Brands (See Trademarks and Brands)		
Breck, John H. Co.		
83% lighter in plastic; polyethylene gallon bottle for shampoos	November	132
Bristol-Myers Co.		
Ball-tip applicator package for Ban anti-perspirant	September	44
Pre-pricing problems	January	58
Pyramiding the sales; counter merchandiser for deodorant	October	121
Role of the laboratory; packaging research and development	April	77
Roll-on applicator, great packaging discovery	May	98
Tilt-fill to cut foaming; roll-on packaging of deodorants; Bristol-Myers Co.	February	108
Twist-open captive cap for squeeze-bottle toothpaste	October	127
British Institute of Packaging	July	200
National packaging contest	July	82
Sponsor of International Exhibition & Convention	December	166
British Packaging Show	November	167
Brown-Miller Co.		
Automatic labeler with flexibility	September	127
Bubble packs (See Blister Packages; Skin Packaging)		
Buddig, Carl & Co.		
Entree into new markets; meat packaging overhaul	October	148
Bulk packaging; Western influences	July	128
BUNDLING		
Bundle-tying equipment; Felins Tying Machine Co.	March	66
Bundling in PVC; Electric Auto-Lite Co.	September	129
Twin bundle for penny match boxes; Diamond National Corp.	March	159
Wrapping and bundling machinery; Scandia Packaging Machinery Co.	November	210
BUTYRATE		
Grated cheese container; Monterey Cheese Co.	April	92

C

	Month	Page
Cake mixes (See Food mixes.)		
CALCULATING MACHINES		
Device calculates container cube; Cubic Calculator Co.	September	185
California & Hawaiian Sugar Refining Corp.		
Polyethylene bags guard against sugar moisture	July	100
Cameras (See Motion Picture Equipment and Supplies; also Photographic Equipment and Supplies)		
Campbell Soup Co.		
Price-coding system for soup containers	November	43
Canada		
Packaging industry's output	April	69
Can-closing and embossing unit; Continental Can Co.	November	217
Can-handling equipment; Atkron, Inc.	December	170
Can-handling machinery; bail inserter and unit for applying polyethylene nozzle-and-cap combinations; Continental Can Co.	May	156
CANDY AND CONFECTIONERY		
Cellophane bags for	August	90
Constructed for quality; rigid box for chocolates; Marabou	September	111
'Deceptive packaging' - F&DA test case; Delson Candy Co.	March April August	301 42 40
85-per-minute candy wrappers; Crompton & Knowles Packaging Corp.	May	156
Expanded polystyrene trays for boxes of James chocolate-covered salt-water taffy	December	99
Gift packaged confectionery; Buitoni-Perugina	February	79
Machine for enclosing pieces of candy in heat-sealed film with tear tape; Hansella (German mfr.)	November	167
Protection for candy; moistureproof cellophane overwrap for paperboard box	March	216
Push-up confection; DCA Food Industries	March	178

Leakproof polyethylene cap	April	130
Low-cost, high-density polyethylene lids for screw-neck jars; English confectionery firms	February	70
Low-cost, lighter-weight aluminum cap for ketchup bottles; Aluminum Co. of America	February	156
Machine applies closures to aluminum-foil containers; Elko-Alcoa Containers, Inc.	May	154
Metal tamperproof seal on metal and glass (England)	April	70
Metered dose-dispensing closure; Dosamatic Dropper Corp.	July	190
Nylon 'hook-and-eye' closure material; Velcro Sales Corp.	February	154
Plastic nozzle and insertion means; Continental Can and Consolidated Machinery Corp.	December	56
Polyethylene can-or-bottle cap; Dover Molded Products Co.	May	154
Polyethylene-coated tape closes sewn bags; Crown Zellerbach Co.	January	60
Polyethylene fastener for bags; Polytop Corp.	March	244
Polypropylene stoppers; British firm	July	82
Polystyrene-and-cork bottle stopper; Latchford Package Co.	May	161
Polystyrene closure for shoe polish container; S. C. Johnson & Sons	May	104
Polystyrene screw cap; Publicker Distillers Products, Inc.	June	88
Pouring spout for polyethylene gallon bottle; John H. Breck, Inc.	November	255
Reclosure hitch-hikes on mustard squeeze barrel; Plochman & Harrison	October	123
Reclosures for single-wall packages	March	149
Scroll shear for closure production; E. W. Bliss Co.	March	250
Tamperproof		
Aerosol cap; Aerated Container Corp.	January	46
Aerosol closure; Aerated Container Corp.	June	120
Locking closure; Duplex-Color Products Co.	June	121
Secondary closure for ophthalmic solution of Schering Corp.; Lee Rohde (West Co.)	January	182
Tear strip on one-piece aluminum can; Holland firm	November	105
Transparent lid-maker; FMC Packaging Machinery	June	174
Turn-about, pour-spout closure for large containers and carboys; France	December	79
Twist-open captive cap for squeeze-bottle toothpaste; Bristol-Myers	October	127
Unit applies captive polyethylene caps; Consolidated Packaging Machinery Corp.	July	62
Unit applies tape closure to sewn bags; Bemis Bro. Bag Co.	May	154
Vinyl-lined crown cap; Crown Cork & Seal Co.	March	250
Why thermoplastic closures? Islyn Thomas and Ernest J. Csaszar	October	158
CLOTHING		
Canned apparel: will it take? Supermarket test; Penn Fruit Co.	March	156
Continuous skin-type packaging; cost-cutting technique; Beltz Corp.	February	116
Gabled-top case keeps dresses right-side up; British sportswear manufacturer	November	106
The girdle hurdle; Glamorize Foundations, Inc.	November	130
Kress's sweater bags, shirts, infant items	July	108
Packaged apparel; big new sales builder for food stores	August	175
Shirts in thermoforms; display package (England)	December	80
Uniform color coding for size tickets on women's clothing; National Retail Merchants Assn.	June	40
Coastal Abrasive & Tool Co.		
Stick-on blister package for shank arbor, adapter for electric tools	April	88
COATING EQUIPMENT AND MACHINERY		
Addition to supplier's facilities; extruder-coater machine; Western-Waxide Div., Crown Zellerbach Corp.	September	180
Automatic roller coater designed for partial coating of stock; Union Tool Corp.	October	192
Extrusion coating-laminating unit; Midland Ross Corp., Waldron-Harting Div.	August	54
Extruder-coater problems	October	166
Functional coating of paper for industrial packaging; D. B. Packer (KVP Co.)	January	109
German-made coating machine; Converters Machine Co.	October	68
High-speed waxing unit; Post Machinery Co.	May	161
Laboratory hot-melt coater; Haida Engineering Co.	July	188
Liquid-polyethylene-coated paper and board; Plastic Papers, Inc.	December	58
Three-roll coating and waxing unit; Potdevin Machine Co.	November	68
Top-and-bottom latex coater; Potdevin Machine Co.	January	140
COATINGS		
Cellophane	August	88
Coating for glass containers; Ball Bros. Co., Inc.	July	186
For leakproof carton	February	182
For multiple friction-top cans; Robt. Blank (Sherwin-Williams Co.)	January	109
High-density-polyethylene coating compound; Union Carbide Plastics Co.	April	50
Lacquer for polystyrene packages; C.L. Rowe Corp.	March	254
Latex for pigmented paper coatings; Koppers Co., Inc.	October	192
Medium-density PE in coatings. Chas. S. Imig and John F. Morris	November	183
New scuff test for. L. B. Nelson and N. L. Malakoff (Socony Mobil Oil Co., Inc.)	August	126
Non-stick, non-migratory coatings; England	December	80
Permanent lacquers for cellulose acetate; Schwartz Chemical Co.	October	190
Polyethylene for paper board	March	41
Polyethylene paper-coating resins; U.S. Industrial Chemicals Co.	December	170
Protective cups and trays for food products	March	216
Release coating for paper and fibre containers; Resisto Chemical, Inc., Dri-Dux Div.	May	156
Resin with high barrier properties; protective coating for various materials; National Starch & Chemical Corp.	July	60
Surface-treated polyethylene coating; The Champion Paper & Fibre Co.	June	54
Coca-Cola Co.		
Background for multipack (great packaging discovery)	February	102
Bottle becomes Coca Cola's trademark	July	232
Coke in cans	October	226
Code dating	July	166
COFFEE		
Automatic bagging machine; Hannconn Machine Co.	July	190
Coffee bag and packaging machine; Fr. Hesser Maschinenfabric, A.G.	November	68
Cost reduction and convenience feature for single-serving soluble-coffee package; C. C. Elsesser (General Foods Corp.)	January	180
Cost-saving coffee bagger; C. W. Antrim & Sons	September	122
Premiums (cash) in coffee trade	November	46
Trend away from in-store grinding	June	40
COLLAPSIBLE TUBES		
Captive cap for tubes and squeeze bottles; Dutch patents	March	123
Gain in output	March	44
Problems in packaging products in metal tubes; West Germany	October	93
Statistics for 1959; Collapsible Tube Mfrs. Council	April	158
COLOR		
Biggest glow; fluorescent colors for detergent package; Procter & Gamble	June	106
Lake colors in food packaging; H. Kohn-Stamm & Co.	October	66
Light-bulb packs color coded for wattage; Sylvania	April	93
Magic of color in marketing; O. C. Holland (Printing Ink Div., Interchemical Corp.)	January	106
Spotlight on the feature; carton for decorative home floodlights; Penetray Corp.	December	132
Colton, Arthur Co.		
In-plant training (toolmaking)	September	222
Columbia Record Club		
Record-setting; record shipper	June	102
Comet Industries		
Bulletin: Summary of thermoforming techniques	March	260
Comette Hosiery Mills		
Fragrance comes to packaging; scented hosiery bags	May	100
Condiments (See Food packaging--Condiments)		
Confectionery machinery; Interpack Show, Dusseldorf	June	204

Cosmair, Inc.		
Tough seamless tube for hair colorants	January	112
COSMETICS AND TOILETRIES		
Ball-tip applicator package for anti-perspirant; Bristol-Myers	September	44
Carton design ties in with national ads; Tussy Cosmetics	March	163
Decorative, uncoated aerosol bottle for use in cosmetics industry; Par Industries, Inc. and Old Empire, Inc.	June	170
Department store market	November	46
Display package of home barber kits; teamwork of Benolken, Douglas, Minnick, Inc. and Toastmaster	September	227
Foil-laminated packets for moistened, perfumed facial fresh-ups (Sweden)	April	69
Fragrance comes to packaging; scented hosiery bags; Comette Hosiery Mills	May	100
Gift packaging	February	83
Health and beauty aids in food stores	November	46
New display packaging for cosmetics	April	130
New rotary principle for aerosol pa kages; Shulton, Inc.	September	105
New way to seal blister packages	March	188
Non-commercial look or soft-sell design favored by drug chains	November	46
Off-the-shoulder label for vase-shaped lotion bottle; Pacquin, Inc.	November	140
Package-redesign program for liquid skin antiseptic; Sea Breeze Laboratories	October	121
Perfume and cologne fragrances; aerosol containers	February	86
Pre-pricing by packagers	December	65
Pre-pricing problems; Bristol-Myers Co.	January	58
Pre-pricing retail packages at plants	September	100
Private labels in supermarkets	February	44
Pyramiding the sales; counter merchandiser for deodorant: Bristol-Myers	October	121
Role of the laboratory; packaging research; Bristol-Myers Co.	April	77
Roll-on applicator, great packaging discovery; Bristol-Myers	May	98
Roll-on applicators	December	98
Shifting markets	July	41
Stage-carton presentation aids door-to-door sales; Mytinger & Casselberry	November	142
Toothpaste with stripes enters British market	April	70
Tripled speed at 50% saving; stapling machine for shipping cartons; Maybelline Co. (eye-beauty products)	July	117
Twist-open captive cap for squeeze-bottle toothpaste; Bristol-Myers	October	127
Two-piece aerosol actuator-cap assembly for colognes; Rexall Drug Co.	June	221
Versatility in blister machine; American Safety Razor Products Corp.	September	130
When old is new; "York Town 1781" grooming aids for men; Shulton, Inc.	August	112
COSTS		
(See also Packaging Costs)		
Break-apart economy; divisible shipping container for pepper sauce; McIlhenny Co.	September	123
Magnetized conveyor system for wax-products line; reduction in labor and operations costs; S. C. Johnson & Son	May	114
Cotto-Waxo Co.		
Roll-fed liners save on labor	July	116
Cottoning machine, semi-automatic; The Burnet Co.	April	52
COUNTER DISPLAYS		
At 47% less, shipper becomes two display cartons; Romick's International Tobacco Co.	November	171
Convenience wins new markets; counter display cartons for pretzels; Bachman Bakeries Corp.	June	101
Counter merchandiser for French mustard in "hot dog" container	January	64
Polystyrene foam upgrades display appeal of fishing reels; Langley Corp.	April	93
Pyramiding the sales; counter merchandiser for deodorant; Bristol-Myers	October	121
COUNTING MACHINES		
Automatic screw feeder and counter; Mercury Heat Sealing Equipment Co.	March	246
Electronic tablet counter and filler; The Lakso Co.	November	66
Electronic universal parts counter; Atronic Products Co.	September	56
Exact count by electronics; counter-filler for screws, bolts and rivets; H. M. Harper & Co.	March	164
Exact-count small-parts packaging; Batchelder Engineering Co.	September	58
Portable tablet counter; Salser Engineering Co.	March	250
Single channel counting machine; Delta Engineering Corp.	August	148
Tablet counting; Lewis-Howe Co.	December	106
Creative Market Center; J. Walter Thompson	August	176
Crown Cork & Seal		
Brochure on care, handling, and storage of crown caps	October	200
Crown Zellerbach Corp.		
Fine-paper packaging; Midwest Regional Printing Paper Div.	October	243
Crush-testing unit; Testing Machines, Inc.	March	249

Molded in miniature; salt and pepper shakers; Morton Salt Co.	March	192
Mylar polyethylene pouches; liquid-tight sealing of	August	130
New 1000-lb. shipper for polyethylene resin; The Dow Chemical Co.	May	93
Now: polyethylene netting	July	98
Overwraps for cigars and cigarettes	October	43
Packaging machinery at Machinery Show	January	103
Paper-coating resins (Petrothene)	December	170
Plastic-bag scare	October	41
Plastic-net slings for tea cups; English experiment	October	94
Plastic squeeze barrel for mustard; Plochman & Harrison	October	123
Polyethylene resin for overwrapping; Spencer Chemical Co.	January	44
Polyethylene standard; Commodity Standards Div., U.S. Dept. of Commerce	December	193
Polymorphouse polyethylene. G. E. Ham and G. D. Murphy	July	157
Pouch-in-carton for frozen foods; Shasta Packers	October	144
Powdered polyethylene for packaging use; U.S. Industrials Chemical Co.	April	152
Produce packaging, use in	July	93
Properties of, for machine overwrapping	March	315
Property comparison chart: Cryovac-L film, low-density and high-density polyethylene	May	123
Reprocessed polyethylene pellets; Interplastics Corp.	April	154
Re-usable polyethylene shipper; Thermo-plastics Products Co.	July	188
Sealing speed for polyethylene	February	134
Semi-rigid high-density polyethylene containers for detergents and other products; Hydrocarbon Chemicals, Inc.	June	174
Strong, high-shrink polyethylene film; The Cryovac Co.	May	50
Stronger, clearer polyethylene film; Spencer Chemical Co.	March	66
Supplier of linear polyethylene; Eastman Chemical Products	August	150
Test for printability--inclining platform tester	March	315
20% less for frozen food in polyethylene pouches; North Pacific Canners & Packers	March	190
Unit applies captive polyethylene caps; Consolidated Packaging Machinery Corp.	July	62
Use and production capacity	March	45
Ventilated polyethylene film; England	December	80
Versatile polyethylene netting; E. I. duPont de Nemours & Co.	June	56
With reservations; industry standard for polyethylene film (ed.)	October	107
Wrapping bakery products in polyethylene film; H. E. Hilderbrand, Sr. (Continental Baking Co.)	January	180

POLYETHYLENE BAGS

	Month	Page
Aluminum ingots shipped in polyethylene bags with steel strapping; Kaiser Aluminum & Chemical Corp.	May	214
Bag-sealer for bakery use; Carbert Mfg. Co.	August	148
Bantam polyethylene-bag sealer; Plastic Welding Corp.	October	197
Better bag for carrots; David Freedman & Co.	September	122
Burst strength of heated food bags; method of estimating	December	135
Kress's sweater bags	July	108
Leak testing of bags. Luther A. Warren	June	141
Milk in polyethylene bags; French dairies	June	77
Multiwall bags for calcium chloride; T.E. Soldat (Allied Chemical Corp.)	January	109
New York Times; mailing in heat-sealed polyethylene bag	December	124
Perforating film bags	July	166
Polyethylene-bag-making machine; FMC Packaging Machinery Div., Simplex Plant	March	68
Polyethylene-bag-making machine; Heinrich Equipment Corp.	November	206
Polyethylene-bag tacker; Amsco Packaging Machinery, Inc.	June	56
Polyethylene grommet for polyethylene bag; Tower Packaging Co.	March	249
Polyethylene shipping bag for industrial and agricultural products; Owens-Illinois Glass Co.	April	152
Portable polyethylene-bag sealer; Errich International Corp.	February	48
Scented hosiery bags; Comette Hosiery Mills	May	100
Sheets and pillow cases in pre-fabricated polyethylene-film bags	July	118
Side-weld polyethylene bag machine; G. T. Schjeldahl Co.	November	210
Sponge mop in heat-sealed polyethylene bag; American-Marietta Co.	November	139
Strength of polyethylene bags	June	144
Sugar guard against moisture; California & Hawaiian Sugar Refining Corp.	July	100
'Super-tough' polyethylene film for industrial bags; Chippewa Plastics Co.	November	214
Take-home hot roast chicken; high-density polyethylene bags; J. Lyons & Co., Ltd. (England)	October	94
Use for seed packaging; Dwight Brown (J. C. McCullough's Seed Co.)	May	191
White opaque polyethylene bags for potatoes; Golden Triangle Packing Co.	November	142

POLYETHYLENE BOTTLES AND TUBES

	Month	Page
Captive cap for tubes and squeeze bottles; Dutch patents	March	123
Conical shape bottles for shoe polish; S. C. Johnson & Sons	May	102
Cylinder shape for Lux Liquid container; Lever Bros.	February	90
Detergent containers	November	43
83% lighter in plastic; polyethylene gallon bottle for shampoos; John H. Breck, Inc.	November	132
For liquid detergents	October	110
Handling equipment for	November	128
High speed for plastic bottles; packaging liquid ethical drugs; Alcon Laboratories, Inc.	December	112
Lederle's little men; miniature figurine bottles for pediatric products	January	86
Linerless linear-polyethylene tube; Bradley-Sun Div., American Can Co.	May	156
Linerless tube for oil; Phillips Petroleum Co.	May	116
Machine for filling and heat-sealing polyethylene tubes; The Arthur Colton Co.	November	206
Plastic bottle cuts costs 60%; J. T. Baker Chemical Co.	March	191
Polyethylene-bottle label adhesives; F. G. Findley Co.	August	152
Production capacity for blown high-density bottles.	March	44
Smith Brothers goes to polyethylene bottles for cough medicine	March	162
Squeeze bottle uses	December	96
Types and uses	January	78

POLYETHYLENE-CELLOPHANE FILM

	Month	Page
Transparent tetrahedron packages for liquid soap; Erlen Products Co.	October	123
Polyethylene-film punch press; Thermo-plastic Equipment, Div. Thermoplastic Process Co.	January	140

POLYOLEFIN RESINS

	Month	Page
Developments of	July	44

Shasta Packers		
Pouch-in-carton liquid-tight packages for frozen foods	October	144
SHEARS, METAL-CUTTING		
Two ways to sell for 14% less in packaging costs; J. Wiss & Sons	December	126
SHEETING EQUIPMENT		
Automatic variable sheeters for single-faced corrugated and for polyethylene film; Wilcar Corp.	October	194
SHELF DISPLAYS		
Collapsible paperboard trays for cake-mix pouch; Thomas A. Steeves, Ltd.	May	196
Shellmar Products Co.		
Rotogravure process for printing on cellophane	July	104
SHIPPING CONTAINERS		
(See also Bags)		
Adjustable tape sealer for shippers; Manhattan Shirt Co.	April	90
Aluminum ingots shipped in film; Kaiser Aluminum & Chemical Corp.	May	214
At 47% less, shipper becomes two display cartons; Romick's International Tobacco Co.	November	171
Better shipper, lower cost; Mary Proctor electric toasters; Proctor Electric Co.	February	112
Bottle shipper without cell headspace; Thatcher Glass Mfg. Co.	August	150
Break-apart economy; divisible shipping container for pepper sauce; McIlhenny Co.	September	123
Case-handling unit; Crompton & Knowles Packaging Corp.	March	253
Case of end-loading economy; Garber Power Seeders	October	142
Containerized shipment; resistance from longshoremen	May	40
Corrugated boxes; demand for	December	39
Corrugated containers for Westvaco paper; West Virginia Pulp & Paper Co.	October	138
Corrugated shipper for cameras; Bell & Howell	March	297
Corrugated shipper with stapled closure for mirror-front-medicine cabinets; Style-View Aluminum Awning Corp.	November	171
Development of new kinds	November	129
Developments of the '50s; future prospects	January	78
Device calculates container cube; Cubic Calculator Co.	September	185
Economical double-duty shipper; glued-base corrugated with solid fibre bottom for water heaters; Rheem Mfg. Co.	October	128
83% lighter in plastic; Polyethylene gallon bottle for shampoos; corrugated shipper-dispenser; John H. Breck, Inc.	November	132
End-loading, top-unloading shipper; Fibreboard Paper Products Corp.	July	60
End-open cases for large-size cans; Food Machinery & Chemical Corp.	July	190
Fibreboard containers	October	240
50% less for shipment of telephone components; Automatic Electric Co.	May	114
Foamed-polystyrene 'coat' cuts damage and costs; Allied Chemical Corp.'s General Chemical Div.	April	114
Four-side case marking; Adolph Gottscho, Inc.	July	186
Gabled-top case keeps dresses right-side up; British sportswear manufacturer	November	106
Impact and temperature recorder for; Santa Barbara Instrumentation Corp.	March	246
Integrated automatic casing line; FMC Packaging Machinery Div., Stokes & Smith Plant	April	50
Kraft-veneer for weatherproof cases; Emballages (France)	March	124
Low-cost, easy-open shipping bag; Katz Industries, Inc.	February	50
New 1000-lb. shipper for polyethylene resin; The Dow Chemical Co.	May	93
One machine makes many types of carton; Colt Machinery Co.	September	56
Padded shipping bag; Jiffy Mfg. Co.	March	244
Paper-sleeve shipper; Pillsbury Mills	March	172
Polyethylene shipping containers in West Germany	April	70
Polyurethane-foam shipping container; Paramount Foam Industries	July	190
Protection at a profit; adding machine carton; Smith-Corona Marchant	November	170
Protection at bargain cost; shipping container for electric organ; Magnus Organ Corp.	March	190
Public service cartons of Advertising Council	January	177
Re-usable polyethylene shipper; Thermoplastic Products Co.	July	188
Rigid, triple-wall shipper for abrasive cutting machine; Allison-Campbell Div. of American Chain & Cable Co.	August	91
Shipper damage prevention; Stanford Research Institute	July	129
Shippers for cartoned products	January	126
Shipping-case set-up machine; Food Machinery & Chemical Corp.	August	148
Shipping container refinements achieve major economies; Lauson Engine Co.	April	114
'Spindle' carton for pressure-sensitive tape; Adhesive Tape Corp.	January	154
Tear-strip opener for polyethylene-bottled detergents; Armour	November	43
Tray-pack shippers	March	278
Triple sealing speed at 50% saving; stapling machines for shipping cartons; Maybelline Co.	July	117
20-per-minute case former; Caral Packaging Machinery, Inc.	April	152
Vertical case-sealing unit; Emhart Mfg. Co.	July	186
Water-resistant corrugated shipper; Federal Container Corp.	October	66
Wood-and-polyethylene shipping container for liquids; Package Research Laboratory	February	156
Shock-detection system; protecting shipments of delicate instruments; Inertia Switch, Inc.	October	194
SHOE POLISH		
Free shine invites purchase; Turtle Wax, Inc.	February	90
Shoe shines made easy; paste and liquid polish kits; S. C. Johnson & Sons	May	102
Shulton, Inc.		
New rotary principle for aerosols	September	105
When old is new; "York Town 1781" grooming aids for men	August	112
SILK-SCREEN		
Chemical compounds for silk-screening	July	166
Silk-screen presses, new line of; General Research and Supply Co.	September	180

	Month	Page
Silk-screen printer for decorating 5-gal. pails; Photo Process Screen Mfg. Co.	October	192
SIZE OF PACKAGE		
Container sizes, unification of	April	128
Lost business for food retailers lacking specific size	March	41
Question of size (ed.)	March	141
Tending upward or downward? MP readers' opinions	July	71

SOAPS AND CLEANSERS		
Big push on plastics; demand for detergent bottles.	October	109
Biggest glow; fluorescent colors for detergent package; Procter & Gamble	June	106
Bottle from plastic sheet (14-mil PVC) for liquid detergent; Soc. Solitaire & Saponite Reunis S.A.	April	84
Cylinder shape for Lux Liquid container; Lever Bros.	February	90
Detergents in miscible polyvinyl alcohol film	July	126
French trend to plastics for detergents	December	79
Liquid detergent in polyethylene-paper pouch; prevention of leakers	November	190
Liquid laundry detergent and other products; Procter & Gamble	June	40
Optimum automation of washing powders (France)	August	70
PVA pouches at high volume; unit packs of powdered bleach and detergent; AB Henkel-Helios	April	116
Polyethylene bottles for liquid detergents	November	43
Polystyrene bottles for detergents; Packaging News (England)	January	64
Semi-rigid high-density polyethylene containers for detergents; Hydrocarbon Chemicals, Inc.	June	174
Size of detergent packages; Monsanto	March	141
Tear-strip openers for shipping cases containing bottled detergents; Armour	November	43
Transparent tetrahedrons for liquid soap; Erlen Products Co.	October	123
Social Security		
As business stabilizer	December	42
Soc. Solitaire & Saponite Reunis S.A.		
Bottle from plastic sheet (14-mil PVC) for liquid detergent	April	84
Society of the Plastics Industry		
Industrial Container Institute (subsidiary)	June	184
SORTING MACHINES		
Multiple sorting at high speed; U.S. Engineering Co.	October	192
Southwest Grease & Oil Co.		
Tube-fed grease gun	July	95
Southwestern Agrochemical Corp.		
A little ink coverage goes a long, long way; cost saving on fertilizer bag	January	110
Spalding, A. G. Co.		
Quality symbol at half the cost	January	90
Spencer Chemical Co.		
Polymorphous polyethylene. G. E. Ham and G. D. Murphy	July	157
SPORTING GOODS		
Fine color printing adds gift appeal to corrugated; football outfit; Wilson Sporting Goods Co.	July	101
Fish hooks in supermarket; rack-merchandised blister packaging; Four Seasons	October	122
Polystyrene foam upgrades display appeal of fishing reels; Langley Corp.	April	93
Quality symbol at half the cost; A.G. Spalding Co.	January	90
Standard & Poor		
Estimated increase in packaging costs	August	37
Standard Packaging Corp.		
Secret Out of the Bag; color-sound motion picture re flexible vacuum packaging	June	186
Standardization, comment on (Spain)	August	70
Stanton Research Institute		
Shipper damage prevention	July	129
STAPLING MACHINES		
For shipping cartons; Maybelline Co. (eye-beauty products)	July	117
Stapler closes filled cartons; Container Stapling Corp.	February	156
Star Distilling Co.		
Tear tape for liquor bottle	May	97
STATIC CONTROL		
Controlling static electricity	July	166
Long-range static eliminator; The Simco Co.	August	52
Static eliminator with transformer; Herbert Products, Inc.	May	52
STATIONERS' SUPPLIES		
Dixon pencils and crayolas in flip-top boxes	December	98
STEEL		
Plastic coated steel ("Platal"); Germany	June	78
Strapping (See Strapping)		
Tinplate interests vs. aluminum cans	April	42
Steeves, Thomas A., Ltd.		
Cake-mix in a bag	May	94
STENCILS		
Punched-tape stencil marking; March Stencil Machine Co.	March	244
Stewart-Warner Corp.		
Packaging equipment	February	59
Stitzel-Weller Distillery		
Gift appeal at low cost; holiday canter for bourbon.	December	126
STRAPPING		
Compression strapping machines; Signode Steel Strapping	September November	178 217
Dispenser for steel strapping; A.J. Gerrard & Co.	October	192
Durable rayon strapping material; American Viscose Corp.	June	56
Tough, but gentle fibre strapping tape cuts costs 40%; Biltrite Furniture Co.	September	123
STRIP PACKAGING		
Great packaging discovery	December	116
Hand-fed strip packer built in Germany	March	123
Machine; Mercury Heat Sealing Equipment Co.	March	66
Novel shapes; Netherlands machine	June	77
Step-up in strip packaging; ethical drug tablets; Warner-Chilcott Laboratories	November	146
Style-View Aluminum Awning Corp.		
Economy on the side; corrugated shipper with stapled closure for mirror-front medicine cabinets	November	171
Suffolk Farms Packing Co.		
Bake-on-package produce (squash)	May	113
Summer slump; imaginary doctrine (ed.)	July	87
Super Market Institute		
Book: Proceedings of 22nd annual convention	November	222
Supermarkets (See Markets and Marketing)		
Sweden's leakproof carton	February	87
Sylvania		
Light-bulb packs color coded for wattage	April	93
Syncro-Mist Controls, Inc.		
Automated aerosol, dispensing insecticide	October	216
Syringe for animal antibiotic uses (See Veterinarians' Equipment and Supplies)		
T		
TABLEWARE		
Medium-speed mechanization; cartoning of soap-premium tableware; Oneida, Ltd.	July	103
TAGS		
Quality symbol at half the cost; A.G. Spalding Co.	January	90
Tamperproofing (See Theft)		
TAPE AND TAPE DISPENSERS		
Corrugator's peelable tape; Nashua Corp.	April	152
Foam tape as package lining; Richards, Parents & Murray	September	180
Gummed-paper tape for sealing paper containers; West Virginia Pulp & Paper Co.	October	138
Line of pressure-sensitive stock; Coated Products, Inc.	September	180
Multiple-tape applicator; Kleen-Stik Products, Inc.	March	230
Nylon 'hook-and-eye' closure material; Velcro Sales Corp.	February	154
Peelable kraft tear tape cuts costs 35%; Anheuser-Busch, Inc.	January	111
Polyethylene-coated tape closes sewn bags; Crown Zellerbach Co.	January	46
Pressure-sensitive tape; development of machine for speed in cutting and applying. Walter C. Larsen (Minnesota Mining & Mfg. Co.)	March	201

	Month	Page
'Spindle' carton for pressure-sensitive tape; Adhesive Tape Corp.	January	154
Strong, resistant packaging tape; vinyl backing; Minnesota Mining & Mfg. Co.	February	154
Tear strip all the way; opening cake mix package; Procter & Gamble	September	107
Tear tape for cake mix and cigarette packages	December	199
Tear tape for liquor bottle; Star Distilling Co.	May	97
Tear tape on spools enclosed in polyethylene bag; Continental Can Co.	June	54
Tough, but gentle fibre strapping tape cuts costs 40%; Biltrite Furniture Co.	September	123
TEA PACKAGING		
Machine handles all tea-bag sizes; Food Machinery & Chemical Corp.	December	170
Tea packer forms double-bag packet or lined carton; Swiss-made machine	November	105
TECHNICAL SECTION (Methods, engineering, testing)		
Adhesion of waxed glassine. Peter S. Columbus	January	119
Box design vs. performance. T. B. Heebink (Forest Products Laboratory)	October	163
Cast polyethylene film. Dan Lewis and Alfred Zimmerman (U.S. Industrial Chemicals Co.)	October	153
Containerization. Martin S. Peterson	April	121
Containerization; interest of Western packager	July	128
Film strengths in heat processing. E.G. Davis, M. Karel and B.E. Proctor (Mass. Institute of Technology)	December	135
Flexible packages for processed foods; quartermaster studies. Robt. G. Keller	September	145
Fluorination of polyethylene. Jules Pinsky, A. Adakonis and A. R. Nielsen (Plax Corp.)	February	130
Formable paper-plastics. V. R. Piper (Cincinnati Industries, Inc.)	March	212
Heat processing vs. permeability. E. G. Davis, M. Karel and B. F. Proctor (MIT Dept. of Food Technology)	March	208
Improved pliability tester; research at Picatinny Arsenal. Mario E. Gigliotti and Howard M. Weiner	September	150
Irradiated polyethylene film. Robt. D. Lowry and Wm. C. Baird, Jr.	May	121
Leak testing of bags. Luther A. Warren	June	141
Lithography on foil. M. A. Miller and E. M. Eiland (Alcoa Research Laboratories)	July	162
Machinability of polyethylene film. Wm. P. Gideon	January	115
Machinability of polypropylene film. Ralph M. Winters (AviSun Corp.)	November	187
Measurement of O_2 permeability. A.A. Taylor, M. Karel and B.E. Proctor	June	131
Measuring gas transmission as applied to milk powder containing fat. J. F. Carman, C. P. Bolton and P. M. Sautier	May	127
Medium-density PE in coatings. Chas. S. Imig and John F. Morris	November	183
Meter for film clarity. P.M. Hay, C.P. Evans and K.W. Ninneman (Olin Mathieson Chemical Corp.)	November	179
New data on film heat seals. Rolf Bosvik	February	123
New scuff test for wax coatings. L. B. Nelson and N. L. Malakoff (Socony Mobil Oil Co., Inc.).	August	126
Polymorphous polyethylene. G. E. Ham and G. D. Murphy (Spencer Chemical Co.)	July	157
Resilient foamed polystyrene. J. T. Grabowski (Armstrong Cork Co.)	August	119
Selecting package cushioning. R. K. Stern (Forest Products Laboratory)	December	138
Study in machine development (cutting and applying pressure-sensitive tape). Walter C. Larsen (Minnesota Mining & Mfg. Co.)	March	201
Why thermoplastic closures? Islyn Thomas and Ernest J. Csaszar (Newark Die Co.)	October	158
Teen-age market panel	October	44
TELEPHONE APPARATUS		
50% less for shipment of telephone components; Automatic Electric Co.	May	114
Temperature recorder; Santa Barbara Instrumentation Corp.	March	246
Tennessee, University of		
Course in food technology, including packaging	May	164
Terado Co.		
Molded-pulp shipper inserts offer economical protection for electric power converters	December	127
TESTS AND TESTING		
Book of ASTM Standards; suppl.	June	186
Booklet: Official Test Procedures; National Safe Transit Committee	October	204
Booklet: 13 test methods recommended by Tech. and Spec. Committee; Pressure Sensitive Tape Council	October	200
Clarity of packaging films (Table)	November	181
Clear-view testing oven; Despatch Oven Co.	March	249
Colorimetric determination of package O_2 barrier effectiveness; L.A. Prell (Union Carbide Corp.)	January	109
Cushioning materials; equipment and procedure	December	142
Device for testing containers; Testing Machines, Inc.	September	178
Device for testing rubproofness of print on paper and board; Testing Machines, Inc.	October	68
Electronic container-testing device; Gaynes Engineering Co.	October	192
Evaluation of hexagonal and octagonal fibreboard containers at Forest Products Laboratory. T. B. Heebink	October	163
Free market tests on bottles (England)	August	70
Heat processing vs. permeability; study of plastic films. E.G. Davis, M. Karel and B.F. Proctor (MIT Dept. of Food Technology)	March	208
Improved pliability tester. Mario E. Gigliotti and Howard M. Weiner	September	150
Leak tester for large metal cans; The Borden Co.	August	150
Leak testing of polyethylene bags. Luther A. Warren	June	141
Medium-density PE in coatings. Chas. S. Imig and John F. Morris	November	183
Model kit to test machine plans in miniature; Packaging News (England)	May	75
Plastic film strength	February	134
Simplified methods for testing gas transmission on thermosealed bags and pouches; Emballages (France)	May	76
Test-cabinet humidity control	March	216
Test chamber for packaging materials; Electric Hotpack Co.	September	182
Tester rejects imperfect containers; MRM Corp.	July	190
TETRAHEDRAL PACKAGES	October	123
	July	112
		127
	December	199
TEXTILE PRODUCTS		
Apparel (See Clothing; Hosiery)		
Bagging sweeps textile field; sheets and pillow cases in prefabricated polyethylene-film bags	July	118
Booklet: What the New Textile Fibre Products Identification Act Means To You; Soabar Co.	December	182
Gift packages	February	176
Labeling	September	44
Labels for; Avery Label Co.	March	250

Product redesign saves 40% in packaging costs of mower	June	116
TOYS AND GAMES		
Aerosol containers	February	86
Gift packaging	February	176
Self-service for toys	May	40
Toys can live forever; Halsam Products Co.	December	122
TRADEMARKS AND BRANDS		
Abbott Laboratories	November	174
Bottle becomes Coca-Cola's trademark	July	232
Famous trademark gets happy new look; Wm. Underwood Co.	January	89
For pre-packaged produce	July	94
International symbol; General Electric Co.	August	105
Private brands in supermarkets	May	89
Progress of a private brand; label redesign; First National Stores	February	92
Transistors in register controls; British firm	July	82
Transitronic Electronic Corp.		
Fibre card pack for diodes oriented for automatic end-use handling	June	101
TRANSPARENT CONTAINERS		
(See Cellophane, Glass, Polyethylene, Polystyrene, etc.)		
Tray-forming machine; plastic packages; R. A. Jones & Co.	December	56
TRAYS		
Full-visibility tomato tray; Standard Folding Trays Corp.	May	158
Machine forms trays or cartons; Peters Machinery Co.	March	250
New unit applies closures to foil trays; Scandia Packaging Machine Co.	July	188
Polystyrene trays for fibre dust mops; American Marietta Co.	November	139
PVC trays cut cookie-packaging costs by 33%; Christie, Brown & Co.	November	170
Protective cups and trays for delicatessen food products	March	216
Rigid plastic tray guards tubed product (denture liner) at 40% saving; R&S Chemical Co.	December	127
Shipment of big-volume consumer items in open corrugated trays	December	39
Shrink-film tray pack for apples	July	132
Tray packs in supermarket	March	278
Vacuum-formed plastic trays; National Packaging Corp.	November	214
TUBES AND TUBING		
(See also Collapsible Tubes; Polyethylene Bottles and Tubes)		
Aerosol dip tubes; Anchor Plastic Co.	March	126
Blow-molded polyethylene tubes	January	78
Butter in polyethylene tubes (Sweden)	April	69
Carton with flexible partition cuts costs 25%; International Electronics Corp.	October	143
Dry offset printing of collapsible tubes; German machine	July	82
Dual-tube container speeds handling of surgical sutures; C. DeWitt Lukens Co.	July	100
Easy-open industrial carton for coiled flexible copper tubing; Lewin-Mathes Co.	August	96
Inflatable seamless metal tubing; Wolverine Div., Calumet & Hecla, Inc.	September	57
Linerless linear-polyethylene tube; Bradley-Sun Div., American Can Co.	May	156
Polyethylene tube plug replaces bottom seal; Norden Laboratories	November	143
Saran-coated paper tubes and cores; J. C. Baxter Co.	February	50
Tough seamless tube for hair colorants; Cosmair, Inc.	January	112
Vinyl tubes in grease guns	July	95
Turtle Wax, Inc.		
Free shine invites purchase	February	90
Tussy Cosmetics		
Carton design ties in with national ads	March	163
TYING MACHINES		
Box-tying machine for bakers; B. H. Bunn Co.	January	140
Bundle-tying equipment; Felins Tying Machine Co.	March	66

Tubular-film wrapping of long, rigid articles; Baker Perkins (British firm)	November	167
Twist wrapper for candy and tablets; Machinery Co.	November	66
Wrapping and bundling machinery; Scandia Packaging Machinery Co.	November	210
Y		
Young, W. F., Inc.		
Flow-control glide dispenser for liniment	May	97
Z		
ZEIN		
Booklet: Argo Brand Zeins; Corn Products Sales Co.	July	200

AUTHOR'S INDEX

A

ADAKONIS, A. (See PINSKY, JULES, jt. au.)
ARNOLD, PAULINE and WHITE, PERCIVAL
Food-America's Biggest Business ..... December 176

B

BAIRD, WILLIAM G., JR. (See Lowry, Robert D., jt. au.)
BOLTON, C. P. (See Carman, J. F., jt. au.)
BOSVIK, ROLF
New data on film heat seals ..... February 123

C

CARMAN, J. F., BOLTON, C. P. and SAUTIER, P. M.
Measuring gas transmission as applied to milk powder containing fat ..... May 127
CSASZAR, ERNEST J. (See Thomas, Islyn, jt. au.)

D

DAVIS, E. G., KAREL, M. and PROCTOR, B. E.
Film strengths in heat processing ..... December 135
Heat processing vs. permeability; MIT Dept. of Food Technology ..... March 208

E

EVANS, P. M. (See Hay, P. M., jt. au.)

F

FRIEDMAN, W. F. and KIPNESS, J. J.
Industrial Packaging (reviewed) ..... April 158
Fuks, N. A.
Mechanics of Aerosols; U.S. Army translation from Russian ..... June 186

G

GIDEON, WILLIAM P.
Machinability of polyethylene film ..... January 115
GIGLIOTTI, MARIO E. and WEINER, HOWARD M.
Improved pliability tester; research at Picatinny Arsenal ..... September 150
GRABOWSKI, J. T.
Resilient foamed polystyrene ..... August 119

H

HAM, G. E. and MURPHY, G. D.
Polymorphous polyethylene ..... July 157
HAY, P. M., EVANS, C. P. and NINNEMAN, K. W.
Meter for film clarity ..... November 179
HEEBINK, T. B.
Box design vs. performance ..... October 163
HERDEG, WALTER (ed.)
Graphis Packaging ..... January 142

I

IMIG, CHAS. S. and MORRIS, JOHN F.
Medium-density PE in coatings ..... November 183

K

KAREL, M. (See Davis, E. G., jt. au.)
KAREL, M. (See Taylor, A. A., jt. au.)
KELLER, ROBERT G.
Flexible packages for processed foods; quartermaster studies ..... September 145
KIPNESS, J. J. (See Friedman, W. F., jt. au.)

L

LARSEN, WALTER C.
Study in machine (for cutting and applying pressure-sensitive tape) development; Minnesota Mining & Mfg. Co. ..... March 201
LEWIS, DAN and ZIMMERMAN, ALFRED
Cast polyethylene film ..... October 153
LOWRY, ROBERT D. and BAIRD, WILLIAM G., JR.
Irradiated polyethylene film ..... May 121

M

MALAKOF, N. L. (See Nelson, L. B., jt. au.)
MATZ, SAMUEL A. (ed.)
The Chemistry and Technology of Cereals as Food and Feed ..... October 203
MORRIS, JOHN F. (See Imig, Chas. S., jt. au.)
MURPHY, G. D. (See Ham, G. E., jt. au.)

N

NELSON, L. B. and MALAKOFF, N. L.
New scuff tests for wax coatings ..... August 126
NIELSEN, A. R. (See Pinsky, Jules, jt. au.)
NINNEMAN, K. W. (See Hay, P. M., jt. au.)

P

PETERSON, MARTIN S.
Containerization; container units for land, sea and air carriers ..... April 121
PINSKY, JULES, ADAKONIS, A. and NIELSEN, A. R.
Fluorination of polyethylene ..... February 130
PIPER, V. R.
Formable paper-plastics; Cincinnati Industries, Inc. March 212
PROCTOR, B. E. (See Davis, E. G., jt. au.; also Taylor, A. A.)

S

SAUTIER, P. M. (See Carman, J. F., jt. au.)
SMITH, ORA (See Talburt, W. G., jt. au.)
STERN, R. K.
Selecting package cushioning ..... December 38

T

TALBURT, W. G. and SMITH, ORA
Potato Processing (reviewed) ..... October 203
TAYLOR, A. A., KAREL, M. and PROCTOR, B. E.
Measurement of O_2 permeability ..... June 131
THOMAS, ISLYN and CSASZAR, ERNEST J.
Why thermoplastic closures? ..... October 158

W

WARREN, LUTHER A.
Leak testing of bags ..... June 141
WEINER, HOWARD M. (See Gigliotti, Mario E., jt. au.)
WHITE, PERCIVAL (See Arnold, Pauline, jt. au.)
WINTERS, RALPH M.
Machinability of polypropylene film ..... November 187

Z

ZIMMERMAN, ALFRED (See Lewis, Dan, jt. au.)
